TIP AND SPLIT

THE PERFECT GIFT FOR PARENTS AND GRANDPARENTS

- Crystal Clear Magnifier: Leave the reading glasses at home. The 5x magnifier makes it easy to see even the finest print.
- Discreet Backlight: Illuminate the menu or bill without distracting other restaurant diners with your phone's flashlight.
- Tip Calculator: Enter 15%, 18%, 20%, or any amount you like. The tip gets automatically added onto total amount.
- Bill Splitter: Enter how many people are in your party, and find out exactly what each person should pay.

WHY TIP 'N SPLIT?

Let's face it, as we get older our eyes don't work as well as they used to. Even people with perfect eyesight struggle to see small lettering in dimly lit conditions like restaurants, theaters, in the car, or even just at home.

Enter Tip 'n Split, The first restaurant calculating device with magnifier & light! It bridges the gap so you can see. Great for tipping and also working out the math with no guesswork.

Makes a great gift for anyone who needs to see the menu or bill and doesn't love using their phone for everything. Get Tip 'n Split today!
